

# Sarah Anderson

- Small rural town, Wisconsin
- Graduated from Ripon College with BA in Biology
- Current PhD student
  - School of Biological Sciences-WSU
  - Nitrogen Systems: Policy-oriented Integrated Research and Education-IGERT
- Atmospheric Deposition of Nitrogen
  - Interested in spatial & temporal patterns
    - Source-receptor relationships
    - Ecological effects & Biological indicators
  - Using stable isotopes analyses
    - Back trajectory modeling
    - Atmospheric chemical modeling
