

Biography:

- Born in Delaware, raised in Tennessee
- University of Notre Dame, 2005-2009.
 - B.S. Biological Sciences
 - REU under Gary Belovsky
 - UNDERC Program
- Washington State University, 2009-Present.
 - Dave Evans
 - Majoring in Botany
 - NSPIRE

Justin Poinsatte
Ph. D. Student
School of Biological Sciences
NSPIRE IGERT

Research Interests:

- Carbon and nitrogen cycling in disturbed ecosystems
 - Mount St. Helens
- Atmospheric N deposition as air-to-land linkage
 - Effects of atmospheric N deposition on C cycling in Cascades
 - Evaluating impact with increased urban development and fossil fuel combustion
